Praise be to Allah, the Lord of the Worlds, for His mercy, grace, and guidance, enabling the researcher to complete this skripsi entitled: “Designing An Effective English for Tourism Module for Natuna Geopark Local Tour Guides”. This skripsi was prepared as one of the requirements for obtaining a Bachelor’s degree (S1) in the English Education Study Program, Faculty of Teacher Training and Education, Universitas Maritim Raja Ali Haji (UMRAH). The researcher acknowledges that the preparation of this skripsi would not have been possible without the prayers, support, assistance, guidance, and motivation from various parties, both morally and materially. Therefore, the researcher would like to express sincere gratitude to:

1. Prof. Dr. Agung Dhamar Syakti, S.Pi., D.E.A., Rector of Universitas Maritim Raja Ali Haji.

5. Assist. Prof. Gatot Subroto, S.S., M.Pd. MCE., as the first supervisor, who with sincerity and extraordinary patience has guided the researcher through every challenging process. His guidance and advice not only helped in the preparation of this skripsi, but also strengthened the researcher's mental fortitude and spirit during times of exhaustion. It is an invaluable honour for the researcher to be under his guidance.
6. Assoc. Prof. Satria Agust, S.S., M.Pd., CIAR.. MCE. MCF., as the second supervisor, has patiently provided guidance, motivation, and valuable direction. Every piece of feedback and correction he provided not only improved the quality of this skripsi but also served as a source of inspiration for the researcher to keep moving forward when facing challenges. It is a great honour for the researcher to have learned and grown under his guidance.
7. Assist. Prof. Hanifah, S.Pd.I., M.Pd., as an academic supervisor, is not only an academic mentor but also a figure who always encourages and inspires. With great patience, she provides guidance, support, and motivation that is both calming and uplifting, especially when researchers are tired and doubtful. The researcher is also deeply grateful for her support, which helped them achieve one of their most valuable accomplishments as a participant in the Inter-Provincial Youth Exchange Programme (PPAP) by the Ministry of Youth and Sports (Kemenpora) in 2025. Her assistance, prayers, and trust have been a strong foundation for the researcher to continue growing, dreaming, and achieving excellence.

8. All lecturers of the English Education Study Programme who have sincerely shared their knowledge, experience, and exemplary behaviour during the lecture period. Not only as teachers, but also as mentors and inspirers who shape the way of thinking, attitude, and character of researchers. Every lesson and piece of advice given has become a valuable asset that will always be remembered throughout life's journey. I also extend our gratitude to all academic staff, particularly Mr. Widodo, for their assistance, kindness, and patient service throughout the study period.
9. Dear beloved parents, Mr. Zurmanto and Mrs. Sarmiyati, who have been a guiding light throughout the researcher's journey. Thank you for your endless prayers, unconditional love, and immeasurable sacrifices. In silence and weariness, you have always prioritised the researcher's education above all else, teaching the meaning of perseverance, patience, and dreams that must be fought for. This work is dedicated with a heart full of love as a token of devotion that will never be enough to repay all your love and sacrifice.
10. My dearest sister, Nopita, S.Pd., who never stopped fighting in silence. Thank you for all the prayers, support, and life lessons you have given. With tears held back and fatigue never shown, you have proven that education is the noblest path to uplift the family's dignity. Your success in completing your studies and graduating is an invaluable source of pride and the greatest source of strength for the researcher. The researcher promises to follow in those noble footsteps. More than that, the trust and hopes entrusted by Father for both his children to continue their education up to the master's degree

(S2) level have become an unyielding flame of motivation to keep moving forward, striving, and bringing honour to the family through education and the future.

11. Thank you to all friends of the 8th batch of the Riau Islands Province Kampus Mengajar who have been an important part of this journey of service. Together, we strive to improve the quality of education through literacy, numeracy, and technological adaptation. Being a Caraka of the Riau Islands Province Kampus Mengajar and part of the last batch of the Kampus Merdeka is a great honour for researchers. Thank you to the group leaders, members, and all fellow comrades who have worked wholeheartedly.

12. I would like to express our gratitude to the extended family of KKN UMRAH 2025 Group 18, Lancang Kuning Village. Every experience both joyful and sorrowful has been a valuable lesson in teamwork and resilience. Thanks to our collective hard work, the entire programme was successfully implemented, even opening up opportunities for researchers to participate in national-scale activities. All these memories will always be a valuable part of the researchers' life journey.

13. Thank you to the extended family of the Interprovincial Youth Exchange Programme (PPAP 2025) placements in Central Kalimantan and Bali. In a short period of time, this programme brought together researchers with the finest young men and women from 35 provinces, teaching them the meaning

of diversity, unity, and the spirit of service. Though parting is bittersweet, the experiences and bonds formed will always remain in our memories.

14. To my closest friends back home in Natuna “Sapurtera, Sara Sardila, Mayang Rara Wistari, Ade Saputra, Ridoli, and Aldiansyah” thank you for being the warmest place to come home to. Every simple moment we spent together became a source of strength in difficult times and memories that will never be forgotten.

15. Thank you to my dear friends, “Yuwansari, Amelia, Dhimas Aditya Ramadhan”, who always accompanied me throughout my research journey at Natuna Geopark. Every discussion, story, and simple moment we shared together became a source of motivation that encouraged me to complete this research proposal and skripsi. I will always cherish the countless hours we spent working on our academic tasks at KFC, Mie Gacoan, Mr. Blitz, Momoyo, Bingxue, Mixue, and Cooler City. Those places were not only where this thesis was written and revised, but also where memories, laughter, and friendships were strengthened. Your presence meant so much to me and was truly irreplaceable. Thank you for being part of this journey and for making it more meaningful than I could have imagined.

16. Thank you to Eric Yosefhan Manurung, Farel Al Najib, Tancis Anantri, Randika Achmadi, Apriyadi, and the entire QRIS Culinary Journey Indonesia Riau Islands 2026 family. Who would have thought that through this competition we would not only meet amazing new friends, but also build meaningful connections, gain unforgettable experiences, and create

memories that will always stay with us. Thank you for every laugh, every story, every moment of togetherness, and all the support you've shared. You are truly wonderful people who made this journey even more meaningful. I hope our friendship continues long after this competition ends, and I look forward to meeting you all again in another amazing journey. Wishing you all the very best for the future.

17. To my dear friends, Azim, Sherly, Rahman, Timot, Fatika, and Eki, thank you for unwavering support throughout the completion of my *yudisium* and graduation requirements. Despite the many challenges and obstacles we faced, we stood by one another and successfully reached this milestone together. I will always cherish the moments we shared at *Kopi Kenangan*, where we worked on our documents, encouraged one another, and created unforgettable memories. Your friendship, kindness, and support made this journey far more meaningful than I could have imagined. Thank you for being an irreplaceable part of this achievement.

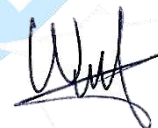

18. For myself, thank you for persevering, fighting, and staying strong in the face of every challenge along this journey. Every drop of sweat, every long night, and every failure I have ever experienced is proof of my determination and spirit to keep moving forward. The achievements I have made are only the first steps of a long journey, and I am confident that I can do it, just like the great people out there. I promise to the world, and most importantly to my parents, that I will prove I am capable, elevate their status, and realise the dreams that have been fought for with prayers and

perseverance. This journey is not merely about titles or awards, but about the resolve to keep growing, learning, and becoming a person who is beneficial to myself, my family, and my surroundings.

In closing, the researcher hopes that this skripsi can provide benefits, inspiration, and become a valuable reference for readers and those in need. The researcher fully realises that this skripsi is far from perfect, so constructive criticism, suggestions, and input are highly appreciated as material for improvement and refinement in the future. May this work be a small but meaningful step in the journey of scientific knowledge and educational development.
